

INVITATION FOR THE MINI's TO JOIN WINDY CITY BMW at CAR CONTROL CLINIC Two 2009

All ages and all (real or imagined) skill levels welcome!

"...I learned how to not only have more fun driving, but now I feel totally prepared to handle any evasive maneuver that I may need to take. I feel I am more aware and a better driver for the time I spent!"

Melanie

"And, in addition, I learned a tremendous amount about my new car and how it handles in different conditions. In fact, I was so impressed that we're sending our 23 year old daughter to the next class!"

Cindi-40 something.

"In short, I am plugging the Safety School to all the green teenage drivers out there - this is a chance to both learn more about your car and to have fun doing it." *Jordan-17years old.*

"Yesterday I spent the entire day at the CCC with my daughter. I could easily see her confidence and control of her car grow throughout the day." *Mike*

"Parents of driving teens, you missed your opportunity to cram a year or more of REAL WORLD driver's education in one intensive day...the Car Control Clinic has got to be the most valuable event the club has held." *Don*

"...my generation was taught to drive not as part of our high school education but by any family member or friend who could be bamboozled into it. ...none of the important information presented in the class was ever transmitted to us. Since then, I have informally surveyed people about what they learned in high school driving classes—alarming it was not any of the valuable, potentially life-saving information we received in the BMW Safety School." *Karen*

"It was a perfect maneuver. I am absolutely convinced that we would have either been skating through the grass along the side of the highway or buying a new front end for my car had it not been for the ... training Chris enjoyed earlier in the day." *Tom*

What else can we say? This will be our 14th year of teaching proactive car control and accident avoidance skills to our members. To see how much **fun** your day will be, check out the Windy City Chapter web site at (www.windycitybmw.com) and select activities and car control clinic for participant (and parent) comments, video clips, and photos from previous events. Please join us for our action-packed, fun-filled CCC. You won't be disappointed!
